NEW YEAR'S GREETING!

A HAPPY NEW TEAR TO ONE AND ALL OF OUR

Thanks to a kind Providence and the liberal patronage of this community, we have, since removing to our New Quarters on Second street, done a most satisfactory business, exceeding even our most sanguine expectations, and in consequence of this great success, we are making preparations for a largely increased Spring Business. We have already placed most liberal orders with European and American Manufacturers, and will soon make our usual Spring purchases in the Eastern Markets. Our space being rather limited at present, we must make room for this large incoming stock, and have determined to make such prices as will do it, and will inaugurate the year 1884 by offering the GREATEST BAR-GAINS EVER SHOWN IN MEMPHIS.

The congregation of the First Presbyterian church is no less delighted than their pastor, the Rev. Dr. Eugene Daniel, with the prospect of occupying the lecture-room of the new church on the corner of Poplar and Third streets. About the middle of last January the old church was burned and within a short time the work of rebuilding began. The new editice is more in accordance with modern ideas of church architecture, and affords a decided relief from the meaningless designs which prevail in the city. Until within the last few weeks its beauty has not been apparent, but it has been brought out to a wonderful degree by the finishing touches of skilled workmen, and when finally completed, with its slender, towering spire, will be an exceedingly handsome building. The congregation has watched every brick as it was laid upon the other, and their hope to be able to worship in the new church of within a year after the burning of the old is about to be realized. Last Sunday Dr. Daniel announced that the lecture-room would be ready to-morrow, and though the workmen were not quite so sure of it.
